Certifications

- JavaScript Essentials 1 (JSE)
- ITIL-V3 OSA – Introduction To Operation Support and Analysis
- Cisco Networking Academy - Introduction to Cyber Security.
- Nigeria LNG Information Security User Awareness Training.
- Nigeria LNG Think Cyber Security Course.

Work Experiences

Personal Portfolio Websites | HTML5, CSS3 and JavaScript | GitHubPages | Firebase

- Implemented a scalable data pipeline bridging a static GitHub pages Frontend with Firebase NoSQL database to securely capture, store, and stream cross-project user engagement data.
- Implemented WCAG 2.1 accessibility standards using semantic HTML and ARIA attributes for keyboard navigation and screen readers.
- Built single-page application navigation with vanilla JavaScript, managing DOM state to show/hide sections and prevent content overlap.

- Optimized asset loading by minifying CSS and JavaScript, reducing initial page weight by 30%
- Reduced LCP by 25% and image payload by 99% by compressing image size, implementing responsive images and preload for hero asset.
- Deferred third-party script to eliminate render blocking requests.
- Launched custom dark/light theme toggle feature for high contrast theming, delivering WCAG 2.1 compliance for 100% of core user flows.
- Refactored CSS into Bootstrap, streamlining maintenance and reducing stylesheet size by 30%.
- Developed mobile-first responsive interfaces using media queries, delivering pixel-perfect UI across devices from 320px to 1440px and reduced CLS by 33%.
- Architected and integrated a robust Open Graph (OG) Image system into the portfolio project to enforce consistent branding and visual impact during social shares.

N-Tech Information Systems Limited, Ondo City, Ondo State, Nigeria.

Junior Web Developer / Tutor. November 2022 - October 2023

- Debugged cross-browser compatibility issues in firefox, fixing 5+ layout bugs and improving accessibility on the existing company websites.
- Reviewed codes and tested UI designs for technical feasibility and seamless user experience.
- Implemented integrated lessons in HTML, CSS and JavaScript to meet Web Development standards (WCAG 2.1).
- Optimized asset loading by minifying CSS and JavaScript, reducing initial page weight by 20%.

Conference/ Workshop Attended

- NACOSS: Contemporary Software Developers, their Tools and Techniques. 2018
- Kenpoly ICTC: Emerging Tools and Technologies for Web and Mobile Apps Development and Ethical Hacking 2017

Volunteering & Leadership Experience

National Youth Service Corp – Information and Communication Technology (ICT) Community Development Service. (November 2022 - September 2023).

- Sensitized the Community during the compulsory one year National youth service on how to boost their business using IT infrastructures.
- Mentored colleagues on how to develop web pages and encouraged mastery learning - style classroom environment to increase colleagues' engagement and promote critical thinking.

Auditor General, Nigeria Association of Computing Students, Kenpoly Chapter (2020/2021 Session).

- Prepared academic materials and organized programming tutorial for colleagues and other students at lower levels.
- Established good reading culture among colleagues by distributing the class into several reading sub-groups.
- Tutored junior developers online via <http://www.Startev.africa>

Honors & Awards

National Association of Computer Science Students, Kenpoly Chapter (2016/2017 Session)

- Outstanding academic excellence (10 Best Students).
